R10

A silver chalice filled with ice and a bottle of Rattle wine. The chalice is a large, ornate silver cup with a wide rim and a short, fluted stem, sitting on a square base. It is filled with crushed ice, and a bottle of Rattle wine is partially submerged in it. The bottle is dark with a white label that features the word 'RATTLE' in a large, serif font. The background is a plain, light-colored surface.

POA

An aerial photograph of an outdoor event space. A large, white, rectangular event tent dominates the upper half of the frame. Below it, on a green lawn, is a large circular arrangement of many smaller, white, square-topped patio umbrellas. A few people are visible walking on the grass. The image has a semi-transparent brown overlay on the right side where the text is located.

TENTS

Tents

STRETCH TENTS

Stretch tents are quick to install, good looking and adapt to almost any location – whether free standing or attached to an existing structure. Our tents are made in our own specialist manufacturing facility, which offers us on-site quality control and offers you competitive pricing. We can also arrange a structural engineering certificate to give you – and your guests or customers – peace of mind.

Our tents come in beige, white or red and are available in a range of sizes, configurations and materials to offer the perfect fit for your needs – whether it's a garden party, wedding, festival, corporate function or even a semi-permanent structure. Our stretch tents are truly versatile: they cover a variety of functions across range of sizes, and they do so in style – and safety. Choose from any of the following options.
